

Growing Together in Christ

BISHOPSTOWE PROJECT

:

**EVANGELICAL LUTHERAN CHURCH IN
SOUTHERN AFRICA – SED**

:

UMNGENI CIRCUIT

:

FEBRUARY 2015

SHORTENED REPORT:

Background:

The Bishopstowe Project is a church initiative to benefit both Umngeni and eThekweni circuits. Its principal focus and target is on youth from both circuits. It is currently a very viable, self-sustaining muster of economic, social development in its nature with career orientation skills transferred, incorporating spirituality perspective.

2014 Milestone:

The paramount highlight of the achievement on the running of the Bishopstowe Project is a decent association between KwaZulu-Natal Council of Council and the Evangelical Lutheran Church. The following projects are taking place and developing pleasingly:

1. Chicken free roaming and healthy chicken. This projects produces remarkably and has sold more than 2000 chickens.
2. Ducks for meat and eggs.
3. Pigs are also obtainable. There are currently above 20 “pregnant” pigs to produce pork and other products.
4. Butternut first harvest.
5. Tests on other vegetables are underway.
6. 5 young adults are being trained and resident on site.
7. Healthier food on cheaper prices.

Request for projects on potential funding:

1. Toilets
